

EARTH DAY

Volunteer Opportunity

How to Help

- Join us to clean up garbage from our streams, ravines and green spaces in honour of earth day. Every piece of plastic and garbage we can stop from entering our waterways has the potential to save the life of a water fowl, fish, turtle, crustacean, bird, water mammal and more. Come out for the whole day or whatever time you can spare. We will provide bags, and gloves.
- Do you know about a ravine, stream, river or green space that needs a clean up. Please contact us with the details.
